## **Aptera Inc. Named as One of Lead411's Tech 200**

**Fort Wayne, Ind.** October 25, 2011- Aptera Inc., a custom software and web marketing firm, has made it onto Lead411's Technology 200 List of the fastest growing tech companies in the US. Aptera made the final cut by growing 23.5 percent over two years, and it is on course continuing growing, already having hired 14 new employees since 2010.

"Despite the current recession, a lot of startups are still doing exceedingly well," says Tom Blue, Lead411's CEO. "With the Tech 200 list, we aim to see what makes them tick."

The Technology 200 List, now in its second year, is based on the percentage revenue growth of applicants' businesses from 2008 to 2010. The list is compiled annually by Lead411, which is an Information Services Provider founded in 2001, and which has itself grown forty percent a year on average since its inception. The applicant pool consists of companies from industries such as Software, Hardware, Internet, Media, Advertising, Wireless, Telecom, IT Services, eCommerce, and Consulting.
